HOW TO LINK SMART HOME SYSTEMS & THE IN-LITE SMART SYSTEM (SMART BRIDGE)

LINKING THE SMART BRIDGE AND IN-LITE APP

- Install the SMART BRIDGE and add the SMART BRIDGE to the garden.

Via Settings > Garden > Smart bridge. Follow the steps in the app.

GOOGLE HOME & SMART BRIDGE

- 1. First configure the in-lite system using the in-lite app. See the 'How to link the SMART BRIDGE & in-lite app' instructions
- 2. Open the Google Home app
- 3. Go to 'Set up device'
- 4. Select 'Works with Google'
- 5. Use the search bar to find in-lite
- 6. Link your in-lite account to Google. Enter your email address, use the login code you received by email
- 7. Select the garden you want to link (important: the selected garden must contain a SMART BRIDGE)
- 8. The SMART lighting in your garden is now linked and added in the Google Home app

APPLE HOMEKIT & SMART BRIDGE

- 1. First configure the in-lite system using the in-lite app. See the 'How to link the SMART BRIDGE & in-lite app' instructions
- 2. Open the Apple Homekit app.
- 3. Go to 'Add Accessory'
- 4. Briefly press the button at the bottom of the SMART BRIDGE until the network icon flashes blue briefly.*
- Scan the left barcode on the back of the SMART BRIDGE**
 Important: The phone must be connected to the same network as the SMART BRIDGE (not to 4G!)
- 6. Enter the Setup Code (8-digit code on the back of the SMART BRIDGE) and click on 'Continue'
- 7. The SMART lighting in your garden is now linked and added in the Apple HomeKit app
